

Armin khoramidastjerdi

Software Engineer

www.portfoli.ama-it.fi

ABOUT ME

"I am a results-driven Software Engineer with a passion for building scalable web applications and intuitive digital experiences. With a solid foundation in both Frontend and Backend technologies, I specialize in HTML, CSS, PHP, and MySQL, while actively expanding my expertise in Node.js and Java. My technical background is further strengthened by advanced coursework in Python at Metropolia University and a deep understanding of Linux systems and Red Hat enterprise solutions.
