PROFILE

Full-stack developer based in Helsinki, currently in my second year of a Software Engineering degree at Metropolia UAS. I run AMA IT, a small web development studio building Laravel, Node.js and WordPress websites and applications for clients across Canada, Iran and Europe. Background in accounting (Iran) and ICT (Finland) before moving into software development.

EXPERIENCE

Founder & Full-Stack Developer — AMA IT 2022 – Present

Self-employed

- Design and build websites and web applications for international clients using Laravel, Node.js, PHP, MySQL and WordPress.
- Delivered a Laravel-based salon booking platform with client portal for Mary Nails (Canada) — marynails.ca
- Built Link3Pro, a mobile-first SaaS platform for digital business cards with WhatsApp-integrated storefronts and automated booking — link3pro.com
- Built Parisa Academy, a full LMS platform with protected video streaming, student enrollment and a WooCommerce store — parisaacademy.ir
- Handle the full stack end-to-end: backend architecture, frontend, hosting/cPanel, security and deployment.

Frontend Developer (Internship) — Medigoo Inc Jan 2023 – Feb 2023

- Contributed to frontend development tasks using HTML, CSS, JavaScript and WordPress in a healthcare-tech environment.
